Kelly Owen, Admissions Officer Salfords Primary School By Email: <u>admissions@salfordsschool.org</u>

30 January 2024

Dear Ms Owen

#### Consultation: Admissions Arrangements for 2025/26 for Salfords Primary School

Horley Town Council would like to participate in the above consultation which is open for comment until 31 January 2024. We would further state that although the location of Salfords Primary School (PS) lies outside the Parish boundary of Horley, we are of the firm view that Horley residents could be seriously impacted should primary schools local to them reach a higher than anticipated level of demand. As such, we have the following comments to make.

We understand that Salfords PS has in recent years taken pupils from Horley where their first choice school locally has been oversubscribed. This may however not have been the most convenient option for obvious reasons with the location being out-of-town but still considered an acceptable alternative.

For this consultation however, in order to clearly assess the proposed reduction in the Published Admission Number (PAN) for Salfords PS, the Town Council must look at the bigger picture of what is likely to happen to the PAN of other schools in Horley. For example, at present, not only have Westvale Park residents been redirected to Salfords PS where Westvale Primary Academy is oversubscribed, but also from Langshott where 'The Acres', development is served by Trinity Oaks PS because it simply cannot accommodate a high number of entrants as a single form entry school. Furthermore, with the phased opening of both of these schools for older children living locally, they will be ahead of the phased opening and, as a consequence, may have to be accommodated in other schools within and outside Horley.

It also important to point out that the proposed residential development at Hookwood could have a significant impact on Horley residents being able to access primary education for their children due to increased demand. We have in the past been very concerned that this would place additional pressure on the education provision in Horley along with other infrastructure and have raised these concerns at the predetermination stage.

Additionally, even though school intake numbers may be decreasing nationally at the present time, these figures are likely to change due to a steady rise in population south of the borough in recent years and a vast change in demographics which are clearly notable. This is further evidenced in Horley with a significant increase in residential developments within a popular, urban town and so the possibility of a bulge year being repeated for any school to meet increased demand for entrants seems inevitable.

It is further noted that Salfords PS has been an acceptable solution for Horley pupils in years gone by but is not necessarily a practical one. Therefore, the proposal to halve the PAN from 60 to 30, must be with a firm assurance that any reduction will still allow it to appropriately serve the communities of Salfords, South Earlswood and Whitebushes. With the possible exception of some families in the Hoadley Road area, we do accept that it should not be assumed that Salfords is a suitable destination for pupils residing in Horley to purely cater for a wider catchment area. As such, other important factors should be considered by the education authority to increase primary school provision overall in the longer term which is something that the Town Council has been lobbying the relevant authorities about over many years.

We understand that the change, if the reduced PAN is agreed, would not come into effect until September 2025. We therefore assume that other local schools would in the same vein carry out a detailed PAN review well in advance, as a mandatory requirement, to determine if any changes might similarly be put forward.

We would further state that, if agreed, the change will undoubtedly impact families with pupils currently at the school and the wider community (including Horley) and for their other children reaching school age. It is a very worrying prospect for parents and guardians if school placements for siblings cannot be guaranteed.

In conclusion, the Town Council is acutely aware that primary school provision to meet the demand in the Horley area has been lacking for many years and may be exacerbated by this proposal. We would therefore be more reassured to see no reduction in the PAN currently set by Salfords PS and would urge that no changes are made for the September 2025 intake or in later years for the foreseeable future. Alternatively, the PAN should be carefully reassessed to achieve a much lower reduction than fifty per cent as is currently proposed.

On a final note, we would like to make known to you our support of the comments made by Salfords & Sidlow Parish Council in their separate submission to this consultation.

We look forward to hearing the outcomes of the review in due course and trust that our comments will be given due consideration.

Yours sincerely

Walsh
