L 5652

HTC Grounds Maintenance and Security

The Leisure Officer gave the following updates:

- **Contractor Meetings:** She had met with the Grounds Maintenance Contractor to show him the sites expected to be transferred to the Town Council from Reigate & Banstead Borough Council, under the Community Asset Transfer programme.
- **Maintenance and Repairs:** Since the new bike rack has been installed at the Skatepark in Horley Recreation Ground, it has come under persistent attack from anti-social behaviour. This has led to it being removed and stored elsewhere for safekeeping. The bike rack will be repositioned at another green space locally, in due course.

RESOLVED: noted.

L 5653

Community Events in Horley

The following updates were received:

- **Horley in Bloom (HIB):** Cllr George reported there are 34 entrants this year which is down on last year but this is believed to be a result of the extreme heat we have experienced. Preparations are now underway to begin judging on 13 July. A new trophy has been purchased and another will be repurposed to reflect some new environmental categories. Surrey Wildlife Trust has agreed to present a short talk at the awards evening, on 'how to adapt your garden to support nature & wildlife'.
- **Horley Carnival:** Cllr Baird advised that the weather conditions were perfect for the event, for the first time in some years. The BMX bike displays thrilled the spectators and the omission of the Funfair was generally well received. There were fewer floats again this year, due to the challenges of getting adequate insurance cover, however this had been more 'walking' entries.

RESOLVED: noted.

The Leisure Officer gave the following updates:

- **Court Lodge Playground:** Despite long delays in its installation, the neurodiverse equipment and teenage shelter at Court Lodge, funded by Surrey County Council Your Fund Surrey, had finally been fully delivered.
- **Wildflowers:** The wildflower planting at various Council sites had been completed. Given the extreme weather, there is no guarantee the seeds will germinate well but this would be kept monitored.
- **Hanging Baskets:** Due to the summer closure of the High Street and extra delay to the re-opening of the precinct, the hanging baskets have not yet been put up. Alternative Street Lamp licences have been applied for from Surrey County Council and are awaiting approval.
- **Planters:** Due to road closures for the High Street public realm works and other issues arising, the tiered planters could not be placed at their intended locations. They were relocated at the Horley Recreation Ground, outside the café, which was well received, from numerous positive comments both to the office and on social media.

RESOLVED: noted.

Pickleball Court Lining, Horley Recreation Ground

The Committee considered a request from the local pickleball club to mark out the remaining unlined tennis court for pickleball use. Members were concerned that having all courts lined for pickleball would be a disadvantage to those wishing to play tennis and that it was important to keep one court exclusively for the use of tennis. It was therefore unanimously agreed by the Committee to decline the request.

RESOLVED: that the request from the local pickleball club, to line mark the remaining unlined tennis court for pickleball use, be declined and the club informed of the decision.

Banners at Michael Crescent Park

The Committee considered a proposal to permit advertisement banners on the railings at Michael Crescent Centenary Park, after a few public requests had been made. It was agreed that the location of the park made adequate oversight difficult and should be refused. Horley Recreation Ground would therefore remain the only suitable site for banner displays, under the Council's adopted policy and terms as stated.

RESOLVED: that the proposal to introduce advertisement banner displays on the railings at Michael Crescent Centenary Park, be refused.

Play Equipment at Horley Recreation Ground

The Committee considered whether there was a need to replace some of the younger children's play equipment in the playground at Horley Recreation Ground, or whether funds would be better spent on installing surfacing around the gym equipment. It was felt that spending money on replacing play equipment might be wasteful until the full results of the Horley Recreation Ground Masterplan are evaluated. As it is unlikely that the gym

The request had been granted, subject to conditions in a written Letter of Agreement which the Committee supported with an assurance that the land be reinstated to its full condition after the works were completed.
